

## Romanian Golf Association

Romanian Golf Association (RGA) was founded in 2015 by 33 businessmen, with the idea of increasing the popularity of this sport in Romania and of promoting its benefices. RGA, a collective voice of golf players' community in our country, aims at becoming the official representative of the game in Romania. As golf's infrastructure is, for the moment, underdeveloped, RGA plans to build an adequate ground near Bucharest.

Oprișor Winery supports, as a partner, the Romanian Golf Association by rounding off her events and competitions with Oltenian wines. Moreover, Luminița Tsakis, an important representative of the team active with Oprișor Winery, participates, as a full member, in the RGA competitions.

Among the founding members of the Romanian Golf Association, let's quote Viorel Aldea, Bogdan Bândilă, Dan Cristea, Bogdan Dodu, Nick Eftimie, Javier Garcia del Valle, Călin Giurgiu, Emil Gota, Bogdan Jigman, Georg Kloos, Mihaela Kovacs (Perciun), Nicolae Kovacs, Răzvan Marcu, Bruno Negoită, Tiberius Popa, Cristian Preotu, Marian Roman, Florin Segărceanu, Alexandru Voicu and Eugen Voicu.

Romanian Golf Association proposes to extend the sport to all player levels. Norms, standards, rules and etiquette are going to be established, for disabled individuals included. RGA makes available to her members the required information about events, she mediates their relationship with other golf associations and encourages their participation in the tours organized abroad (EAGT, etc.).
